### **DETAILED ACTION**

The following action is in response to the amendment received December 21, 2006.

#### ***Drawings***

The new sheet of drawings adding Fig. 3 was received on December 21, 2006.  
The new sheet of drawings is approved by the examiner.

#### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 5 and 8-10 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claims 5 and 8 recite "the armature disk carrier" without proper antecedent basis. The armature disk carrier is first defined in claim 4, but claims 5 and 8 depend from claim 1. Applicants have submitted two sets of claims 9 and 10. One set remains drafted as method claims and are indefinite because they do not clearly set forth any method steps.

***Allowable Subject Matter***

Claims 1-4, 6, 7, 9, and 10 are allowed. The second set of claims 9 and 10 are drafted as article claims dependent from claim 1 and are allowable.

***Response to Amendment***

The new sheet of drawings in conjunction with applicants' arguments overcomes the objection to the drawings set forth in the previous Office action. Accordingly, the objection is withdrawn.

The amendments to the specification overcome the objection set forth in the previous Office action. Therefore, the objection to the specification is withdrawn.

Applicants' amendments to the claims overcome the previous rejection of claims 1-10 under 35 USC 112, 2<sup>nd</sup> paragraph, except as set forth above regarding claims 5 and 8-10. The examiner believes that applicants intended to submit only the second form of claims 9 and 10. If this is correct, applicants' response should resubmit the second set of claims 9 and 10, which have been indicated as allowable, and omit the set that were in the form of method claims.

The claims as amended distinguish over the art of record. Thus, the rejections based on 35 USC 102(b) and 35 USC 103(a) in the previous Office action are withdrawn.

***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

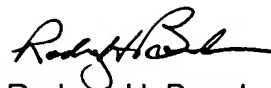

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
